COUNTLESS ACCESSORIES AND OPTIONS FOR YOUR BUSINESS

Offering a unique coffee experience has never been easier. We have developed a complete range of accessories to adapt Vitro X5 and improve the profitability of any business model.

Base Cabinet

To build a robust and elegant stand-alone solution.

Drink technologies

Espresso, Filter coffee and Soluble technologies that produce the perfect drinks.

MULTIPLY YOUR CUSTOMER CHOICES

Designed with two whole coffee bean hoppers and two grinders, it provides the capacity to adjust the grind point to each selected bean, obtaining the best flavour and coffee notes in every brew, one after the other.

The Vitro X5 can be equipped with the patented paperless eco-friendly dual brew system V30 with variable chamber that grinds your coffee beans seconds before brewing and allows the elaboration of two different types of coffees, either Espresso or Filter coffee, increasing the beverage recipes menu. This allows you to reach all the clients of a single location increasing the coffee consumption and the cost effectiveness of the machine as a result.

The V30 brewer can also be programmed to dispense different amounts to allow the intensity of the coffee to be adapted to the consumer's taste.

User friendly touchless selection

20 options gives you a vast array of high quality coffees whilst Distance Selection Technology allows you to intuitively select the drink of your choice without touching the machine.

Durable and easy to clean

The stainless steel dispensing area is sturdy and easy to clean. The front of the tray is removable, allowing easy daily maintenance.

Different cup sizes

Cups up to 14 cm tall can be used. It includes a retractable cup stand that allows the use of small cups. Optional cup sensor.

PAY BY CARD OR CASHLESS

We live in a rapidly evolving world and payment trends are changing.
The MDB protocol allows the Vitro X5 to adapt to the latest payment methods with various accessories that make payment easy.

For a self-contained operation, the Vitro X5 allows you to integrate a cashless system.
